Renault Sport Technologies would like to inform you about special offer regarding Lambda sensor. We currently face a reliability issue, so Renault Sport asks you to pay particular attention to Lambda value (EN_Lambda) and do not hesitate to replace the Lambda sensor if needed.

In order to limit the cost of this unexpected operation, Renault Sport has decided to exceptionally reduce the price of the Lambda, **from € 163 to € 100 VAT & ex-works** by supporting the cost difference, until the problem is solved. Renault Sport will soon come back to you with a definitive solution.
